

THE IRISH SETTER BREEDERS CLUB
MEMBERS' INFO FOR THE 2020 YEAR BOOK

Your editors, Sandy Waterton & Paula Lucas, are looking forward to receiving your valuable contributions this year
 – we really were thrilled with the response last yearSO SINCERE THANKS TO EVERYONE !

Well, what a year it's been ... we could never have imagined how much our lives would change.. and, sadly, our hobby too of course. Hardly any shows... some online competitions.. but, basically, the weird experience of not seeing our friends and, of course, their dogs.
 (I suppose at least we've saved a few bob, with no show entries, fuel etc.. at least that's a positive 😊)

As you'll understand, the yearbook will be different this year.. no trophies to calculate and report on (so, if you do have a club trophy – please keep it until the following year), no club shows to display, photos etc.....
 ...although, we'll still include Judging Appointments 2021 and Dogs Exported 2020.
 However, as you'd expect, the ISBC would still like to produce a yearbook for our members....
 But, to achieve that, we need *your* support for the book, with your super ads, features, etc
 So... some ideas...

I'm sure life has been very different this year – let's see what your dogs have been up to during 'lockdown' ?

.... Or....

Do you have a new puppy – let's see the antics ?

.... Or

How about a photo of your first Irish Setter, if you have one you can send

... and, of course, recent photo(s) of the dogs with you now ?

Let's see your dogs having fun – even holidays maybe ?!

You don't need many words, if that's not easy for you..... your photos will tell the story.

Just email myself or Paula, with photos, notes, etc.. and we'll do the rest.

*Let's make this a bumper year... would be great to have the 2020 book as a very special edition
 which we will all enjoy looking back on in years to come 👍*

Please ensure your copy is clear (PLEASE TYPE OR USE CAPITAL LETTERS),

the photographs are of a quality suitable for reproduction, and any copyright permission has been obtained.

Many members like to produce their own ads, but sometimes these still need work for final production.

In essence, if you wish to use a photo that fills the whole page, please be aware that a certain amount will be lost around the edges of the page during the print/assembly process, so please bear this in mind to avoid disappointment.

N.B. Digital photographs can often be of insufficient quality unless high resolution (likely to be larger file size if high res),
Advice on digital photographs and/or preparing will be on the ISBC website – www.isbc.org.uk –
together with info about margins, etc..

**If you have any concerns on the quality of the photo
please contact Sandy or Paula so that we can check for you.**

Most people send their ads electronically by email – if in any doubt, just email what you have and we will help.

Proofs will be sent by email, unless otherwise requested and an SAE provided.

Any alterations to the layout or text of proofs (other than corrections) or any additions, will incur additional costs.

Fees and photographs to either:
